

Introducing the new FFi TOOL KIT!

TOOLS TO TAKE YOU TO THE NEXT LEVEL

One of the greatest and simplest tools for learning more and growing is doing more.
- Washington Irving, American Author

Meet the New FFi TOOL KIT...
all you need for a successful business, event or get together...

The Tool Kit has been designed to be a valuable resource for all FFi Distributors. It is now available during the sign-up process, so we recommend that you strongly encourage all your newly recruited Distributors to include the Tool Kit in their sign-up order as it supplies them with everything they need. The product sheets will arm them with precise information; the workbook will provide them with a step-by-step plan; and the magazine will help them to tell the story of FFi and express the vision of the company. Help your recruits to boost their confidence at the beginning of their career when it is the most difficult time for them to create an original pitch or strategy. This is going to be a great way to get your new members trained and educated right away and to support them in building a successful business.
